Submit quotations by email only to SMB-FORCECOM-042@uscg.mil. The subject line must read: “RFQ 67100PR270000133 – Potable-Water Sampling and Testing – [Offeror Name].” Quotations are due no later than 25 November 2026, 1600 Eastern Standard Time (EST)

Each quotation must include:

- Completed all-inclusive firm-fixed-price schedule for the base period and all four option periods;

3. Evaluation and Award

The Government intends to make one firm-fixed-price award to the responsible small-business offeror whose quotation conforms to the solicitation and represents the best value to the Government. The Government will use comparative analysis considering technical capability, past performance, and price. The Government will evaluate the total evaluated price by adding the base-period and all option-period extended prices. Evaluation of options does not obligate the Government to exercise an option.

The Government may make award without exchanges. The Government may communicate with one or more offerors when determined to be in the Government's interest. No numerical rating scheme or tradeoff formula is stated or implied by this addendum.

4. Installation Access and Site Visit

No organized site visit will be conducted. Contractor employees requiring access to TRACEN Cape May must coordinate access with the GTR, comply with installation security and escort procedures, wear contractor identification as required by the SOW, and present a valid REAL ID-compliant identification credential for installation access. Access authorization is controlled by the installation and is not guaranteed by award. The Contractor remains responsible for timely performance.

5. Invoicing and Acceptance

The Contractor shall submit proper payment requests electronically through the Invoice Processing Platform (IPP), unless the Contracting Officer authorizes an alternate procedure in writing. The Contractor shall submit supporting laboratory reports and chain-of-custody documentation as required by the SOW. The GTR will review deliverables and provide acceptance or documented reasons for nonacceptance in accordance with the SOW. The Contracting Officer will provide the Contractor's payment and acceptance points of contact at award.
