Notes:

REQUEST FOR QUALIFICATIONS

Smithco Construction, Inc., Construction Manager at Risk for El Paso Water, is requesting Statements of Qualifications from qualified subcontractors and suppliers for the following work packages of the Northeast Water & Wastewater Utility Improvements Program in El Paso, Texas, to be delivered under GMP 2 and GMP 3: Work Package 1 – Loma Real Storage Tank and Pump Station; Work Package 2 – Franklin 1B Storage Tank and Transmission Main; Work Package 3 – Northeast Franklin Water Transmission Main Phase 2; Work Package 4 – Northeast Franklin Improvements Water Phase 3; and Work Package 6 – Northeast Dyer/Railroad Force Main.

Anticipated trades include, but are not limited to: AWWA D110 Type III prestressed concrete tanks, pump station structural and mechanical, electrical and instrumentation, large-diameter pipeline installation, trenchless crossings and casings, earthwork and site work, paving and restoration, and pipe, valve, and material supply.

Statements of Qualifications will be received until 5:00 p.m. (Mountain Time), Friday, November 13, 2026.

Late submissions will not be accepted.

Qualified subcontractors and suppliers will later be invited to submit pricing as the individual work packages become available. Service-Disabled Veteran-Owned Businesses are encouraged to participate.

The Request for Qualifications, including qualification criteria, submission requirements, and forms, may be obtained by contacting: Rylan Edgmon, Preconstruction Manager, Email: rylan@smithco.cc, Phone: (575) 740-3492.
