

Join Us for this year's Armed Forces Communications and Electronics Association (AFCEA)/Rome Reps Industry Day

September 23-24, 2026 | Griffiss Institute, Rome NY

The **AFCEA/Rome Reps Industry Day** is an annual event held in Rome, NY, connecting the local scientific community with the Air Force Research Laboratory (AFRL). It facilitates collaboration on research opportunities, acquisition forecasts, and technological advancements.

About AFCEA/Rome Reps Industry Day 2026:

The **AFCEA/Rome Reps Industry Day** provides significant benefits to the Department of the Air Force by fostering collaboration and innovation between the AFRL and the science and technology (S&T) community.

Held in Rome, New York, this event serves as a crucial platform for the Air Force to engage with industry partners, share information on upcoming research and development opportunities, and accelerate the fielding of new technologies.

This is a **non-public distribution event**, with discussions at **Distribution-D** (DoD components and U.S. DoD contractors only).

Key Highlights of AFCEA/Rome Reps Industry Day 2026:

- **Keynote Addresses** from Senior Leadership AFRL
- **DAF Science and Technology Priorities**
- **NEW Research Areas Outline**
- **AFRL Small Business Area**
- **SBIR/STTR Program**
- **AFRL Contracting Process**
- **Briefings from Industry Leaders**
