NOTES (For the proposal sections above)		
1. This price assumes that TDSRS's final disposal site or other approved disposal sites are within 10 miles. For all distances over 10 miles add per cubic yard per mile.		
2. This price assumes final disposal is within 30 miles of TDSRS. For all distances over 30 miles add per cubic yard per mile.		
3. The Contractor will pay tipping fee at final disposal site(s) and back charge City at cost.		
4. Includes management of site remediation.		
5. All stumps placed on the right of way by citizens will be converted to cubic yards per the attached FEMA Stump Conversion Chart and charged as regular debris under items 2 – 7.		
6. Invoices to be based on incoming load tickets.		
7. Invoices to be based on outgoing load tickets.		
8. For a multi-year contract, the above prices would be adjusted up or down on the anniversary date of the contract according to a percentage equal to the percent change in the Consumer Price Index as published by the U. S. Department of Labor, Bureau of Labor Statistics.

Materials Description	Unit	Unit Price
Fill Dirt for Stump Holes - Purchased, Placed, and Shaped	CY	
NOTES (For the Labor and Material Rates Sections):		
1. The Equipment, labor and material rates shown above are for tasks requested by the city which are not covered in the rates (per cubic yard) for normal debris removal and reduction.		
2. Pricing includes operator, fuel, and maintenance. Depending on the severity of the disaster, some or all of the above equipment will be required. The Contractor will ensure sufficient numbers of each type of listed equipment are available to meet the needs for a particular disaster.		

3. The listed equipment should cover all possible equipment needs following disaster. The Contractor has access and contacts for any other equipment that might be required and will negotiate a rate with the city if need arises for equipment not on list.
